

Melissa's Letter about Hannah p.1

Dear Martha,

8/24/09

Words cannot express my gratitude for what you've done for Hannah over the past 3 years while she has been in your care.

The decision to send our baby to daycare was a difficult one, and choosing a place to leave our child was the hardest decision we'd ever had to make - until we met you.

As soon as ~~we~~ we met with you, I knew your home was the loving and nurturing environment we were looking for.

There was never a day I questioned leaving Hannah at your home, and never thought she'd have less than a spectacular day. This has proven to be true through every stage of her life - babyhood, toddler, and now preschooler.

It is because of the wonderful things you've done that Hannah is so ready to go to preschool. She makes leaps and bounds daily in what she learns and in her vocabulary showing

her readiness to move on. Thank you to you for placing such importance on all the developmental and learning aspects of care that we do, and please know that those are just as important to us as the loving and nurturing one-on-one care you've always given Hannah.

Choosing to move her to preschool was a tough decision because we love it at your house, and I know Hannah does too. She loves you, and will miss her time with you. Thank you so much for loving our child as much as you do, and thank you for doing what you do every single day. People like you make the world a better place. ✨

I so appreciate everything you've done - we will miss you!

Sincerely,
Melissa
